 Mass Official

La Mass Srl (Manifatture Abbigliamento Sportivo Srl) nasce nel 2005, l'azienda distribuisce prodotti tecnici di abbigliamento sportivo a marchio Mass, brand leader riconosciuto e apprezzato sia sul piano nazionale che su quello internazionale.

L'azienda è il risultato di una fusione di due anime, una produttiva e l'altra commerciale, entrambe già consumate interpreti del settore dell'abbigliamento sportivo, ideale complemento per un'azienda di successo, quale poi la Mass si è rivelata.

Mass muove i suoi primi passi ad Anagni (FR), emergendo ben presto come una realtà giovane, dinamica, pur solidamente strutturata.

Il 2005 è già un anno fondamentale: gli sforzi per raggiungere un design ricercato, un ottimo rapporto qualità-prezzo ed un livello di servizio già apprezzabile, proiettano l'azienda ai vertici del panorama distributivo italiano, nel contempo la propizia sponsorizzazione dell' A.C. Siena, allora militante nella massima serie calcistica italiana, favorisce il raggiungimento di un'elevata notorietà nazionale.

Negli anni successivi la Mass è impegnata ad ampliare la propria rete di vendita internazionale, raggiungendo in breve tempo traguardi impensabili solo pochi anni prima e arrivando a distribuire il proprio prodotto in oltre 40 Paesi del Mondo. Nello stesso tempo, viene realizzata anche una importante estensione di linea, integrando il proprio catalogo, sino ad allora principalmente focalizzato sul calcio, con gli sport del basket, del volley e dell'atletica.

Un anno non privo di rilevanza è il 2007, allorché le quote aziendali sono rilevate completamente dall'attuale proprietà, che da allora ha cominciato una importante politica di ottimizzazione delle risorse, senza disdegnare tuttavia rilevanti investimenti (su tutti, le sponsorizzazioni eccellenti del Brescia Calcio e del Copra volley Piacenza, la ricerca sui prodotti e sui tessuti, oltre che non trascurabili acquisizioni immobiliari).

Lo scudetto del Copra Volley Piacenza del 2009 (e successiva partecipazione alla CEV Champions League) associato alla promozione in serie A del Brescia nel 2010 rappresentano ulteriori elementi di crescita e di rafforzamento dell'immagine aziendale, cui si aggiungono le prestigiose sponsorizzazioni del Benevento Calcio e del Foggia Calcio.

Infine il 2011 è l'anno del trasferimento delle sedi aziendali in Battipaglia (SA), usufruendo di nuovi e moderni spazi di stoccaggio delle merci, aree espositive ed uffici per un totale di oltre 5.000 mq, cui va aggiunto un nuovo e funzionale laboratorio interno per lavorazioni sartoriali e personalizzazioni, ancora in fase di sviluppo, che diventerà il punto focale della vocazione aziendale al servizio ai clienti.

Dal 2012 comincia una straordinaria storia di successi, con la sponsorizzazione della Rebecchi Nordmeccanica Volley di Piacenza, campione nel volley femminile, nel 2013, Campionato e Coppa Italia, nel 2014, Campionato, Coppa Italia e Supercoppa Italiana e nel 2015, Supercoppa Italiana.

Mass S.r.l. (Manifatture Abbigliamento Sportivo S.r.l.) was founded in 2005. The company distributes technical sports apparel bearing the Mass label and is a leading brand recognised and appreciated nationally and internationally.

The company is the result of a fusion of two souls, a productive one and a commercial one, both already consummate players in the sports apparel sector, the ideal complement for a successful business Mass later turned out to be.

Mass started out in Anagni, near Frosinone, and soon emerged as a young, dynamic organisation with a sound structure.

The year 2005 was a fundamental year: the efforts put into delivering a sophisticated design, very good value for the money and a level of service that was already appreciated projected the company to the peaks of the sports apparel distribution sector in Italy. At the same time, the favourable sponsorship of A.C. Siena, playing in Italy's Serie A soccer championship at the time, helped it to become very well-known nationally.

In the following years, Mass was committed to expanding its international sales network, and did not take long to reach targets that were unthinkable only a few years earlier. It is now distributing its products in over 40 countries around the world. At the same time, it managed to achieve an important expansion of its line, by supplementing its catalogue, which up until then had primarily been focussed on soccer, with basketball, volleyball and athletics sports apparel.

One year which was not irrelevant was 2007, when all company shares were acquired by the current owner. Since then the company has introduced an important policy of making the best of resources, without neglecting making considerable investments (above all, prominent sponsorships of Brescia Calcio and Copra Volley Piacenza, research into products and cloths, and some real estate acquisitions).

The championship of Copra Volley Piacenza in 2009 (and subsequent participation in the CEV Champions League) along with Brescia's promotion to Serie A in 2010 are additional elements of growth and strengthening of the company's image. Its sponsorships of Benevento Calcio and Foggia Calcio are also important.

Finally 2011 was the year the company's head office was moved to Battipaglia, Salerno, into more modern spaces with storage of goods, display and office areas with a total of 5,000 sq. m. An additional functional in-house sartorial and personalisation work shop, still in the development stage, shall become the focus point of the company's vocation at the service of its customers.

Since 2012 starts on extraordinary story of success sponsoring the Rebecchi Nordmeccanica Volley Piacenza, champion in women's volleyball; in the year 2013 Championship and Italian Cup, in the year 2014 Championship, Italian Cup and Italian Super Cup, in the year 2015 Italian Super Cup.

Ideando e realizzando capi di abbigliamento sportivo, Mass aiuta l'atleta e la squadra a realizzare i propri sogni sportivi e ad armonizzarsi attraverso il proprio gesto atletico, con il mondo che li circonda, all'insegna dello stile, del comfort e dell'innovazione.

Mass è una realtà giovane e dinamica nel panorama dell'abbigliamento tecnico e delle forniture sportive, pur con un già apprezzabile bagaglio di conoscenze, dovuto alle esperienze maturate dai propri dipendenti e manager che ne fanno un'azienda altamente competitiva con un'immagine discreta, credibile e vincente.

Con il cliente e la sua completa soddisfazione costantemente al centro dei propri piani e strategie aziendali, Mass esprime un nuovo modo di approcciare il mercato, tendente ad essere un punto di riferimento certo per tutti i propri partner.

MISSION AND VISION

By designing and manufacturing sports apparel, Mass helps the athlete and team to make their sporting dreams come true and be in tune with the surrounding environment, while being stylish, comfortable and innovative.

Mass is a young and dynamic organisation in the field of technical sports apparel and sporting goods, yet it has an appreciable background of knowledge, due to the experience gained by its employees and managers. All this makes it a highly competitive business with a discreet, credible and winning image.

With the customer and his or her complete satisfaction consistently at the centre of its business plans and strategies Mass, embodies a new way of approaching the market, with a tendency of being a dependable place for all of its partners.

La costante azione di ricerca di nuove funzionalità garantisce efficacia ed efficienza ai nostri prodotti, orientati alla soddisfazione del cliente ed alla costruzione di una relazione di fiducia.

The ongoing search of new functionality ensures effectiveness and efficiency in our products, oriented to customer satisfaction and to build a trust relationship.

MET è il tessuto MASS che aderisce perfettamente al corpo offrendo leggerezza, traspirabilità e resistenza

MET is the MASS fabric that adheres perfectly to the body offering lightness, breathability and resistance

MicroFibre

La microfibra, il top della tecnologia MASS, garantisce il meglio tra i capi tecnici da gara offrendo un design elegante e alla moda. Perfetta come wind-stopper, è il massimo in termini di traspirazione.

Microfiber, the best of MASS technology guarantees the ultimate in technical garments offering an eloquent and fashionable design. Perfect as wind-stopper, its the maximum in terms of perspiration.

T-Mesh

Il tessuto MESH è la tecnologia MASS che assicura la freschezza dei capi indossati. Lo speciale tessuto, opportunamente posizionato, permette la massima traspirazione con una sorprendente leggerezza.

MASS fabric, MESH is the MASS technology that assures the freshness of the garments worn. This special fabric, added in the right places, allows maximum transpiration with an amazing legeresse.

NylonFiber

Il Nylon MASS è un tessuto altamente impermeabile e antivento che consente comunque la traspirazione corporea.

MASS nylon fabric is highly waterproof and cuts the wind allowing corporeal transpiration.

PolyCotton

Ottenuto dalla combinazione tra più materiali, il POLYCOTTON è un tessuto speciale in grado di offrire all'atleta la freschezza del cotone e la leggerezza del Poliestere.

POLYCOTTON, obtained from the combination of more materials, is special fabric that offers the athlete the coolness of cotton and the legeresse of polyester.

PolyesterFresco

Tessuto in POLIESTERE dalla sorprendente freschezza, leggerezza e robustezza.

POLYESTER, a fabric that is cool, light and strong.

L'abbigliamento pratico e veloce caratterizzato dalla doppia vestibilità.

Practical and fast sportswear characterized from the double wearability.

TAS

Tessuto prodotto con fibra altamente tecnologica, facilita l'allontanamento del sudore dal corpo verso l'esterno.

Fabric produced with a highly technology fiber facilitates the removal of sweat from the body towards the outside.

Waterproof

Grazie ad un particolare trattamento superficiale, questo tessuto leggero, pur essendo altamente impermeabile è anche estremamente traspirante.

With a unique surface treatment, this light weight fabric, while being highly waterproof is also extremely transpirant.

È un'innovativa microfibra in polipropilene che garantisce elevati livelli di performance ai tessuti per intimo, abbigliamento sportivo e applicazioni tecniche speciali.

Is an innovative polypropylene microfibre that guarantees high performance materials for underwear, sportswear, and special technical applications.

Attenzione

L'azienda si riserva di apportare varianti tecniche, dimensionali, estetiche e di colore senza preavviso e senza che ciò possa costituire diritto del committente per la ripetizione dei modelli modificati; non si ritiene responsabile inoltre di eventuali errori tipografici.

Warning

The company reserves the right to make technical modifications, size, color and appearance without notice and without entailing any claim by the client for the repetition of the modified models not expected also responsible for typographical errors.

The background is a solid dark green color. In the upper left quadrant, there is a pattern of lighter green diagonal lines that create a sense of depth and movement. Below this pattern, a horizontal row of ten white chevron arrows points to the right. To the right of the arrows, the word "SOCCER" is written in a white, thin, uppercase sans-serif font.
